WINNER OF THE AIRPORT QUIZ:
JEAN-LUC POUS
Wins \$50 gift certificate

West Houston Airport's 50th Anniversary Party

- Special points of interest:**
- SAFETY MEETING: OCTOBER 23
 - CHECK OUT THE AIRCRAFT FOR SALE: PAGE 3

THIS IS WHAT WE DID:

- 1) The FAA wants to perform a random ramp check at the airport. As a private airport you may grant or deny permission to randomly ramp check the airport. What would you do as the Airport Manager?
A: DISALLOW the “random” ramp check
 - 2) Air Traffic Control calls you on the phone and asks you to identify the aircraft that just landed and have the pilot call them. What would you do?
A: *Tell the pilot to call the FAA and provide him the phone number.*
 - 3) The TSA wants unlimited access to the airport hangar area at any time without notice or your knowledge. What would you do?
A: *B) Tell the TSA that this is private property without government funding and that the airport will grant permission to access on a per time basis with knowledge of the request in advance unless it is an emergency.*
 - 4) The FAA is seeking information about the number of aircraft based at the airport. In addition, the FAA wants to know the number of planes based at the airport and the category class and type of plane and the registration number of each plane. What would you do?
A: *A) Give them what they want except for the registration of the plane.*
 - 5) The Secret Service calls and says that an aircraft that just landed violated a TFR over the airport. They want to know all about it over the phone.
A: *B) Tell them that you can't give out that information over the phone without proper identification but that you will provide it to a properly identified agent.*
- Woody Lesikar**
Airport Manager

NOTICE

If you are a Patron of the Airport and have not received an invitation to the 50th Anniversary Party, please call Terri at 281-492-2130 or email terri@westhoustonairport.com.

WEST HOUSTON AIRPORT CONTRACTOR APPRECIATION LUNCHEON!!

ōI was impressed as to the quality and cooperation of all the contractors.ō

~Courtney Saldivar
Allen-Guerra Design-Build

ōAs a project manager, I have worked on many projects with many different subcontractors. This project was unique in that there was a lot to do in a short timeframe. I really have to commend all of the Subs for getting the job done. I also commend the Airport staff for putting up with all the noise and congestion while keeping the Airport in operation.

~Chuck Hall
Drymalla

ōThe thing that impressed me the most about this project was the level of meticulous attention to detail and quality of workmanship.ō

~Bill Bins
