WEST HOUSTON AIRPORT

Important Notice and Upcoming Events

By Woody Lesikar, Airport Manager

Important Notice: We are getting too many pilots making right hand base legs or long straight-in's to the airport. The right traffic is illegal (more info at WestHoustonAirport.com) when there is left-traffic designated at non-towered airports. Straight-in's without giving way to other traffic in the pattern are prohibited by the Airport Regulations. It is easy

to "work" your way into the pattern by slowing up, speeding up and/or making "S" turns to work into the existing traffic. IF you can't do this then make an upwind to the crosswind and downwind and get in line.
