

**SHELLY**  
**deZEVALLOS**  
 ★ FOR CONGRESS ★  
 38TH CONGRESSIONAL DISTRICT

# Meet Shelly:

Shelly isn't just a business leader — she's a proven conservative fighter who understands what hardworking Texas families need. In Congress, Shelly will do what she has always done: **fight for Texas, defend our freedoms, and deliver results for President Trump's America First movement.**

## PROVEN LEADER. AMERICA FIRST CONSERVATIVE. A VOICE TEXANS CAN TRUST.

Shelly deZevallos is a born-and-raised Texan, a proud Longhorn and Aggie, and a devoted wife and mother raising twin daughters in Houston. She learned the timeless conservative values of Christian faith, family, and hard work growing around her family's airport — and those principles continue to guide her life and service today.

Shelly is a proven Texas business and aviation leader. As President of West Houston Airport — her family's business — she has spent decades creating economic opportunities, employing Texans, navigating federal bureaucracy, and fighting government overreach at every step. A commercial pilot with over 5,000 hours of flight experience, Shelly understands firsthand how crucial the aviation and space industries are to the Houston area and to American competitiveness.

Her expertise has earned recognition at the highest levels of government. During President Trump's first term, Shelly earned an appointment to the U.S. Department of Transportation's Safety Oversight and Certification Advisory Committee, where she advised on aviation safety and certification issues — proving she is battle-tested and vetted to serve at the highest levels. Governor Greg Abbott also named her to the Small Business Freedom Council — Texas' DOGE initiative — to cut government waste and protect taxpayer dollars, as well as the Aerospace and Aviation Advisory Committee.

Shelly has devoted more than 20 years to advancing conservative values and the America First movement at the grassroots level. She served as Vice Chair of the Harris County Republican Party and was a 2024 National Alternate Delegate to the Republican National Convention for President Trump. Her lifetime of service at the local, state, and national levels proves she knows how to apply conservative values to effective policies that put America and Texas first.

- ★ VIEW PAC
- ★ The "C" Club
- ★ Houston Regional Business Council
- ★ **Steven Hotze, M.D., Conservative Republicans of Texas Gary Polland, Texas Conservative Review**
- ★ Houston City Council Member Twila Carter At-Large Position 3
- ★ Houston City Council Member Willie Davis At-Large Position 2

**Jean Luc Pous**

**We are saddened by the recent passing of M. Jean Luc Pous as the result of an aggressive cancer which took him to the maker this past month.**

**Jean Luc has flown out of IWS for over fifteen years. He owned several planes including his adored Twin Commander 690 turbo-prop. He had flown many makes and models of aircraft and held both U.S. and French certificates. Jean Luc and his wife Roseline had a home in Santa Fe, New Mexico and an apartment at West Houston Airport and a beautiful villa overlooking the Mediterranean in France.**

**A memorial was held in Santa Fe in February 2026.**

**Jean Luc has gone west to be with other great aviators of the past.**

**R.I.P Jean Luc.**

## CALENDAR OF EVENTS

### CHECK FOR OPERATIONAL HOURS

#### PRIVATE PILOT GROUND SCHOOL

#### CALL FOR MORE INFORMATION

Register by calling us at 281-492-2130.

Contact Brandon Carr, aviation@carrfam.us, once registered.

## **My Wishlist for the 119th 2027 Congressional Session, Pilots Bill of Rights 3.0:**

- **No privatization of ATC.**
- **No ADSB use for taxing aircraft, like HCAD does!**
- **No more certificate suspension for minor, nonrepetitive FAR violations; monetary fines only for non-gross negligence issues.**
- **Appointment of new non airline pilot examiners to reduce months long backlog.**
- **Applications for FAA approval process including FAR 135, FAR 141, FAR 145 certificates reduced to six months maximum time after receipt of application.**
- **Mandate FAA to allow third parties to pay for fuel for charitable flights particularly young eagles.**
- **Mandatory instrument approach procedure to all US airports receiving federal grants, allowing tax payer supported airports to be used in all weather conditions.**
- **FAA/FCC required to issue additional unicom frequencies for non-towered airports-long overdue**
- **Prohibit random ramp checks at all airports. Allow only with “probable cause” or “reasonable suspicion”.**
- **Class “G” open to the public airports with fuel sales and paved runway to be allowed protection from “no notice” drone operations, same as class “B”, “C” and “D” airports.**
- **Privately owned open to the public airports not receiving federal funds will receive rebate of all federal fuel taxes collected on fuel sales at that airport for their airport improvements and routine maintenance. (Federal funded airports compete with private airports.)**
- **NOTAM update: Establish a NOTAM website where pilots, plane owners, airports and other interested parties can register and have NOTAMs sent to them as requested. The registration would limit the number of NOTAMs based on criteria selected by the applicant.**
- **FAR 135 air taxi operators regulations in the lower 48 should be changed by implementing the Alaska rules to allow unlimited scheduled flights with aircraft up to 30 pax seats from non-FAR 139 airports. This would boost interest in startup airlines serving small communities nationwide. This is a no brainer except for stymying by Feds!**

**Woody Lesikar  
Airport Manager**

**Your thoughts appreciated at:  
woody@westhoustonairport.com**

# A NOTE OF CAUTION! (LOCAL NOTAM)

We are getting a lot of pigs/hogs, coyotes, and deer on the Airport grounds at night.

Be extra cautious about this influx of animals on and in the vicinity of the runway.
